Presenter: [Dalibor Drtjača](#)

Expert associate in Research Centre at University Clinical Centre of Republic of Srpska; MCSA and ERIs NCP in BiH

Registration: [HERE](#) (for free)

The main goal of the project „V4+WB Network of Research Managers and Administrators“ (RMAs) is **strengthening of the research and innovation sector** in the Visegrad Group and the Western Balkans. The aim is to support the preparation for the next EU-funded for research and innovation – Horizon Europe (HE). The project involves the **consortium of 6 organizations** from the V4 countries and the Western Balkans. The leading project partner is HÉTFA Research Institute in Budapest. The Czech Republic is represented solely by Charles University.

Charles University is mainly involved in the personal participation (by its representatives) in project partners meetings, organization, and creation of content for the educational activities. These activities are realized and ensured by the CKTT, which have resembling experience e.g. project realization of Excellence-in-ReSTI.

The project is financed with the grant from the International Visegrad Fund.

Financed from: The International Visegrad Fund

Total allocation: 29 570.00 EUR

Total allocation for CKTT: 3 871.09 EUR

Project ID: 22020021

Realization: 1. 11. 2020 – 30. 4. 2022
