# Project team: iKAP II. - Entrepreneurship

---

The project Implementation of Regional Action Plans II (IKAP II) is implemented by the Prague City Hall and is under the Faculty of Education at Charles University. One of the project sub-activities at Charles University is "Entrepreneurship", which is undertaken by the Innovation Laboratory of the Charles University under the Centre for Knowledge and Technology Transfer of the Charles University. The aim of the sub-activity is to provide primary and secondary school teachers with examples of good practice in supporting young innovators: pupils who have the desire, will and skills to take an active approach to solving the problems around them.
