
Inovation Workshops 2026/2027

Develop your entrepreneurial mindset – the ability to turn ideas and opportunities into value for yourself and others. Gain creative and practical skills that you can use in your studies, at work and in your own projects.

Throughout the winter semester, we are preparing a series of **practical and interdisciplinary workshops focused on developing an entrepreneurial mindset**. You will explore different approaches and tools that can help you work better with your ideas, solve problems, collaborate with others, present yourself and think about your future.

You don't need to have your own business idea or any previous experience. The workshops are open to students, PhD students and academics from all disciplines, as well as anyone who wants to develop their skills and entrepreneurial mindset.

Our workshops are led by **experienced professionals** who will share their knowledge and know-how with you.

All workshops are **free of charge** and take place at **Kampus Hybernská** in Prague.

Winter Semester 2026/2027

September 8, 2026

Build a Career That Stands Out (in English)

Speaker: Tadeáš Bibr

Do you feel like you're capable of more than the path you're currently on? Wondering how to land your first exciting job while you're still studying? This workshop is for students who want to create opportunities instead of waiting for them. You'll learn practical strategies to gain valuable experience, earn money while studying, and build a career that is both exciting and fulfilling.

Whether you're interested in startups, entrepreneurship, venture capital, or simply want to accelerate your career beyond the traditional path, you'll leave with practical advice and actionable steps you can start applying immediately.

Time: 17:00–19:00

Where: Kampus Hybernská, 2D (building D, 2nd floor)
