
Forms and Regulations

Notice of the invention or innovation

In agreement with the law and with the university internal procedures, each employee of the university **shall promptly notify any invention made by him/her to the dean of the respective faculty** or to the director of the respective organizational unit of the university using the form "Notification of a discovery or invention". A similar procedure shall be followed for a technical solution or design.

Internal regulation at Charles University

The strategic framework for knowledge and technology transfer is determined with two internal regulations, namely:

- Measure of the Rector of Charles University [No. 46/2018](#) on the implementation of intellectual property rights at Charles University
- and Measure of the Rector of Charles University [No. 47/2018](#) on the transfer of knowledge and technology at Charles University.

At some faculties, these measures are implemented by an internal directive or a Dean's measure.

Legislation

Czech Legal Acts
