# MSI2 - Management of Science and Innovation 2

---

## Have you taken the MSI1 course and would like to learn more?

**Deepen your knowledge** and **move forward** in project management in the field of science and innovation. We would like to offer you a **follow-up MSI2 course**. The course consists of **meetings with the most qualified experts** with **practical experience** who will help you to broaden your knowledge and practical skills.

The one-semester mostly classroom course is **primarily designed for those who took the MSI1 course** and who are more deeply interested in management of science and innovations. The format of the course **seeks to involve its participants as much as possible**. The topics are **presented by true practitioners** from relevant fields of business and industry and in comparison with MSI1 the lectures go deeper and **focus more on practice**.

The **MSI2 course can be combined with** a consultation seminar [MSI3](#) designed for those who want to start their own business based on the latest scientific knowledge.

? **UPDATE: the course is not open for Winter semester 2021/22. Thanks for your understanding.**

### The course consists of an open menu of the topics:

- Introduction
- Advanced IP Management and Licensing, IP Management in Research Collaborations
- Contractual and Collaborative Research – Case Studies and Practical Approach
- Advanced Management and Evaluation of Science
- New Technology Transfer System at Charles University - Charles University Innovations Prague s.r.o.
- The Mind of the Venture Capitalist
- European Financing
- Practical approach to Project Management
- Investors View
- Social Innovations
- Medical Devices – design and certification process, cooperation between academic institutions and companies
- Ethics of Commercialisation
- How to Use Trademarks for Commercialization

**TIMETABLE for autumn/winter semester 2020 - [HERE](#) .**

### What is the form of the course?

The course form is combined: most of the lessons require students to be present in the classroom, some other are in the form of webinars.

- **Classroom lessons:** the premises of CPPT, Petráská 3, Prague 1
- **Distance learning:** Webinars (in Adobe Connect)
- Seminars will be streamed if necessary.

The course will be taught in the English language and it will be available in the winter semesters.

### Who should take the course?

- **Students** in the 4th and higher years of master degree programs, post-bachelor master degree programs and Ph.D. programs from all faculties of the Charles University, students participating in the ERASMUS program (free of charge)
- **Academic workers and employees of the Charles University** (free of charge)
- Applicants from **outside the Charles University**, as a part of its Lifelong learning program (they shall **pay the course fee** - price: 18 000 CZK (course), 2 000 CZK (seminar))

Taking the MSI1 course is highly recommended.
